This meeting we talked about a few more urgent items and planning how we will tackle getting more physical help from the congregation in 2024.

Item Discussions

- Choir room smell
 - We cannot find any mold/mildew. We've peeled back carpet, cleaned carpet, used air purifiers and checked in the ceiling and cannot find any damage or what could be causing the smell.
 - The next step is Andy and Ryan will look into companies we could ask to help investigate.
- Exterior handicap signs
 - Ryan was able to replace 4 of the 5 handicap signs on the 28th street side parking lot and trash the old signs.

- The free standing handicap sign was added to the Baldwin street side parking lot and there are 4 more signs still to be installed.
- Light boxes out in youth room
 - Ryan will call Koole to fix when we have a couple more to be done.
- New tables
 - We found quality 8 foot tables for \$145/each. We need to continue discussions on how and who will present to the congregation about purchasing a “table” in their name.
- Solar Panels
 - Ryan hasn’t heard back since he submitted GUM’s 12 months of electricity bills, but will update once he hears something
- For 2024 we may plan several clean up days for specific reasons. Ryan will also start delegating ownership to each item to a member.
- We also welcomed Darcel Hallman to the team!
